Brenda, as you know, the EPA has issued takeover letters to perform the RI/FS and Removal Action. I am not sure about the status of the Removal Action, so please speak with Gary Moore. It is my understanding that we have presented the Letters of Credit to the bank for \$500k for the RI/FS and \$500k for the removal. I am currently changing a few things on the Draft RI/FS RACs SOW which I will provide to our contracts staff upon receipt of the funding from the RI/FS Letter of Credit. Please call Gloria Moran concerning other issues (e.g., liens, etc.).

Please let me know if you need anything else.

Rafael

Can you get me some bullets on the current status of Falcon--or a good summary I can pull them from-I need to prepare a short summary for HQs so that we can add this site (final) to the NPL in September-bullets should focus on any work that has been done since

9567553

listed- RI?FS and any removal actions.

Doug didn't have a problem with the September timeframe. We'll need to get a note alerting our management so the region would need to give us some bullets on what cleanup has been done prior to bankruptcy, what needs to be done to necessitate listing and anything else you think necessary. I think we can address comment in the preamble since it's only don't list us, we can clean it up.

▼ Brenda Cook---04/01/2011 10:21:18 AM---Hi Bob, Great news. We would like to proceed with final listing of the Falcon Refinery site. Pleas

Hi Bob,

Great news. We would like to proceed with final listing of the Falcon Refinery site. Please let us know when would be the soonest this could happen (any chance for September 2011?).

:) brenda
